

RECLAIM THE POWER

Free Energy Upgrades for Qualifying Customers

El Paso Electric's EnergySaver Program helps qualifying customers in New Mexico make energy upgrades for free. These energy improvements can help **lower electric bills** and make a home **more comfortable**.

The program is available for **all types of residential homes**, including site-built homes, mobile homes and apartments. Actual savings vary based on the type of air conditioning and heating installed in the home.

EnergySaver Home Improvements

- LED lights
- Smart thermostats
- Insulation
- Air and duct sealing
- High efficiency showerheads
- High efficiency faucet aerators
- Evaporative cooler replacement

Do I Qualify?

Customers qualify based on their income level and household size.

Call EnergyWorks at **575-524-2300** to schedule an energy assessment.

Questions?

Call El Paso Electric's Energy Efficiency Hotline at **575-523-3533**.
